FEBUARY-2011-EVENTS

Note that Buddha, Jesus Christ, and Vivekananda, great Sages and Saints and Devotees of the Lord, all these are treasured in the memory of man even unto this day. What quality made them all memorable for all time? I say, it is the character of each one of them. Without character, wealth, education, social status, all these are of no avail. It is the fragrance of the flower which gives it value and worth. - Among the qualities that make up a flawless character, Love, Patience, Forbearance, Steadfastness, Charity—these are the highest, these have to be revered.

MARCH-2011-EVENTS

Man must have Samadristi (Equal Sight). All creation must appear to his eyes as equally auspicious. He must look upon all beings with as much love and faith as he has in himself. For there is nothing evil in creation, no, not even an iota. Evil appears as such only through faulty vision. Creation gets colored by the nature of the glasses we wear. By itself, it is eternally pure and holy.
