

## Shadowfax Farm Horse Placement Questionnaire

**Message from Jeff Rubenstein - (Tiny Rubenstein's husband):**

*When Tiny was still actively caring for her horses, I promised that should anything ever happen to her I would take all actions necessary to ensure that each of her horses is placed in an excellent home. An excellent home is one in which the horse owner (a) genuinely cares passionately about the health, safety, and comfort of the horse, (b) demonstrates the experience, knowledge, and skills required to be able to provide appropriate care for the health, safety, and comfort needs of the horse, and (c) has the financial wherewithal to be able to provide that appropriate level of care for the lifetime of the horse. This questionnaire is the first step to help me determine whether a potential owner meets those criteria.*

*I am not placing any prices on any of the horses. Once an applicant is qualified as offering the best home for a horse or horses, and that applicant agrees to all the conditions specified in our Placement Agreement, then the horse will be transferred to the new owner at no charge. Under certain circumstances I may be willing to help with transportation expenses.*

*Please answer each question as completely as possible. Please use additional sheets of paper if necessary to expand upon, explain, or clarify any of your answers.*
